Hi, let me introduce myself, my name is Maria Guadalupe, I'm a Singer graduated from a conservatory. I would like to restart my piano lessons and remember some of the things I learned in the past as well as improve my skills and in a long period improve my performance and reading level. Right now I'm looking forward to buy a second hand piano, but I would like to start lessons as soon as possible. I would be very happy to meet you and take a first lesson and then decide a program or schedule for the things to accomplish. Please let me know your availability, and your fees, and if you would give me the piano lessons at your studio. And if you happen to have an acquaintance trying to sell a small piano please let me know, I'll appreciate it so much. Thanks a lot for having the time to read my request.
